JAINISM - THUS SPOKE LORD MAHAVEER

- Every Soul is independent. None depends on other
- Every Soul is independent. None depends on other
- All soul are alike. None is superior or inferior
- Every soul is in itself absolutely omniscient and blissful. The bliss does not come from outside.
- All human beings are miserable due to their own fault, and they themselves can be happy by correcting these faults.
- The greatest mistake of soul is non-recognition of its real self and can only be corrected recognizing itself.
- There is no separate existence of God. Everybody can attain Godhood by making supreme efforts in the right direction
- Know thyself, recognize thyself, be immersed by thyself you will attain Godhood. God is neither the creator nor the destructor of the Universe. He is merely a silent observer and omniscient.
- One who,even after knowing the whole universe can remain unaffected and unattached, is God.
- Fight with yourself, why fight with external foes? He who conquers himself through himself will obtain happiness.
- A man is seated on top of a tree in the midst of a burning forest. He sees all living beings perish. But he doesn't realize that the same fate is soon to overtake him also. That man is a fool.
- All beings hate pain. Therefore one should not hurt or kill them. Ahimsa (non-violence)is the highest religion.
