ANNUAL REPORT 2020-2021

Throughout this academic year, our institution's Internal Quality Assurance Cell has demonstrated effective operation, with a primary focus on enhancing both academic and non-academic aspects across all activities. Notably, there has been a concerted effort to strengthen the curriculum by integrating application-oriented subjects, thereby fortifying its overall robustness, alongside the implementation of reforms in examination procedures.

Since 2006, the college has attained autonomous status bestowed by the UGC as a result of its continuous endeavors and initiatives.

Academics:

Originating from modest origins, the institution has evolved into a research-centric establishment, currently offering a diverse range of 13 programs. These encompass 9 undergraduate, 3 postgraduate, and 1 PhD program spanning various fields such as Arts, Mathematical Sciences, Basic Sciences, Commerce, Media Sciences, and New Age Sciences, serving a student population of 2924 individuals.

In the current academic year, admissions have surged to 90%, resulting in the enrollment of 2924 students. The faculty comprises 94 members, among whom 36 possess doctoral degrees.

In the academic year 2020-21, Many staff members participated actively in seminars, conferences, and workshops at the International, National, and state levels. Additionally, in the current academic year, faculty members have collectively contributed to the publication of 63 journals across multiple platforms.

Teaching, Learning and Evaluation:

In-class learning experiences are enhanced through Orientation Programmes and the use of Interactive Smart Boards. Engaging with online learning is encouraged through platforms like Google Classroom. Smart classroom facilities and projectors are employed to maximize learning outcomes. Continuous Internal Assessment comprises two Internal tests, two assignments, seminars, one model examination, and ICT activities, allowing students to consistently prepare and excel in both CIA and semester examinations. This assessment framework offers ample opportunities for students to improve their performance and monitor their progress regularly. E-content is shared to augment student performance. Industrial Exposure Training with Project work promotes experiential learning and broadens domain knowledge. Comprehensive guidance is provided for students to participate in conferences, seminars, and symposia. Utilizing industrial visits, institutional visits and professional training adds value and equips students to effectively meet competency challenges.

Best Practice 1:

Value added courses gives the college the advantage of offering training programmes that cater to the human resources development and capacity building of the individuals. This in turn, caters to the needs of the economy, society and as a whole contributing to the development of the country. Hence the need to conduct courses over and above the prescribed curriculum has been recognized.

Best Practice 2:

Teaching Learning methodology objectives are to provide quality education to the students, to maintain excellent standards by continuously evaluating teaching methodologies, to align the curriculum with the mission of the institution.

Distinctiveness:

The college has enabled first generation learners to opt for under graduate programmes, the students who are in doubt about the choice of the programme are counselled so that they can make an appropriate choice.

- Provision of fees through instalment is also entered as a part of helping the society.
- The students are also provided with personality skill training and value education.
- Our college having policy "NO DONATION NO CAPITATION" for the benefits of downtrodden students of the society. Our college imparts higher education through professionalization. We produce dynamic young stars for tomorrow besides importing professional ethics and human values. We are committed to provide a sustainable and holistic growth that reflects the mission and vision of our college.
